**Recommendation Letter**

To the Selection Committee,

**Subject: Recommendation Letter for Mohammad Omar Khawaja Zada**

Date: 2 April 2026

Dear Members of the Selection Committee,

I am very pleased to recommend Mohammad Omar Khawaja Zada for your scholarship. I have taught Omar Mathematics for a couple of years at Hazrat Ibrahim Khalilullah Boys High School, and in that time, he has stood out as an exceptional student in both talent and dedication.

Omar excels across all areas of mathematics, including algebra, trigonometry, limits, logarithms, and integrals. What distinguishes him is not just his ability to solve problems, but the way he approaches them. He seeks to understand the concepts deeply and often explores multiple methods to reach a solution. This curiosity shows that he is motivated by learning itself, not just grades.

I recall a challenging calculus problem where most students followed the standard steps. Omar, however, proposed a creative method and explained his reasoning clearly. This demonstrates his problem-solving skills, creativity, and ability to think critically that will serve him well in any academic environment.

Omar also patiently helps classmates, explaining difficult concepts in ways that make them easy to understand. He encourages teamwork, ensures everyone contributes, and creates a supportive classroom environment where learning is shared and valued.

Beyond academics, Omar is disciplined, and respectful. He approaches challenges with calm, carefully analyzing problems until he finds the solution. His work ethics are exceptional, and he consistently shows enthusiasm for mathematics. I am certain that Omar has the skills, mindset, and dedication to excel in higher education and beyond.

I recommend Mohammad Omar without reservation and I am certain that he will make the most of every opportunity.

Sincerely,

**Rahmatullah Mirza Zada**

Mathematics Teacher

Hazrat Ibrahim Khalilullah Boys High School
